HOW TO WORK WITH THE *GUARDIAN* *ANGEL TAROT CARDS*

These cards were created especially for highly sensitive people who feel comfortable working with tarot only if it's extremely gentle and safe. Although my first two decks of tarot cards (*Angel Tarot Cards* and *Archangel Power Tarot Cards*) use positive words and images, I knew that there were still people who were intimidated by tarot.

This is because traditional tarot was shrouded in secrecy to avoid the persecution of those with spiritual gifts, such as what happened in the Inquisition. False rumors were spread about tarot by religious and political leaders who were threatened by practitioners' spiritual powers. So this ancient art has remained mysterious and a bit frightening to those who didn't understand it. This fear was compounded by cards that contained troubling images and words.

Yet, tarot is still the most accurate tool with which to receive detailed information and answers. Of course, you can get guidance by going directly to God, Jesus, and the angels. However, when you're stressed, it's difficult to feel or hear their presence or messages. That's when tarot cards can create a pipeline to Heavenly guidance for you.

Whether you're getting guidance for yourself, a loved one, or a client, you'll find that the *Guardian Angel Tarot Cards* will speak clearly to you.

About Your *Guardian Angel Tarot Cards*

If you've ever used a deck of angel oracle cards, then the *Guardian Angel Tarot Cards* will seem very comfortable to you! The only real difference between angel oracle cards and tarot is that the latter follows a structured story line of what life is like on Earth. We are born, go to school, meet friends, fall in love, and choose careers. All these aspects of life (and many more) are found in tarot. Because millions of people have lovingly come to tarot for guidance, it has become a

language of the Divine. And it is extremely reliable and accurate.

It may surprise you to know that tarot was originally a parlor game, similar to bridge! As time went by, intuitive people realized that there was more to it. There have been many times in human history when it wasn't always safe to fully display one's intuition for fear of reprisal. This is one of the reasons why tarot had such a secretive nature in the ancient past. But we're very blessed that in today's world, most of us are now free to embrace our spiritual gifts to help those in need.

The classic structure of tarot has been retained in this deck, with changes that express its loving and supportive nature. Every card is safe for highly sensitive people.

Tarot originally consisted of two sets of cards called *Arcana*. These two Arcana were later combined into the now-traditional 78 cards. The first set is today called the **Major Arcana**, comprising 22 cards that describe

major events and turning points in our lives (like marriage, pregnancy, relationship and career changes, and overcoming personal challenges). The Major Arcana cards can also represent the different phases from childhood to old age.

The second set of cards is called the **Minor Arcana**, which consists of four suits representing different aspects of human life. The Minor Arcana cards are numbered 1 (Ace) through 10, plus an additional four cards that are traditionally referred to as *court cards* (page, knight, queen, and king). However, since the *Guardian Angel Tarot Cards* are designed to help you with our current time in human history, the court cards have been renamed *Friend Cards*. They include a *Messenger* (card 11), a *Helper* (card 12), a *Healer* (card 13), and a *Guardian* (card 14) for each suit. While the Major Arcana represents major life transitions, the Minor Arcana reflects the day-to-day aspects of—and people in—our lives.

As you work with the cards, you'll notice that many of the images feature guardian angels. These images will open your heart

to their guidance when you use the deck. Your guardian angels are always with you, and their entire purpose is to support you in becoming more peaceful and fulfilling your Divine life mission. They help you feel safe and joyful so that you can better hear messages from God, the archangels, and the guardian angels of anyone you're doing a reading for.

In traditional tarot, the four suits of the Minor Arcana are usually named *wands*, *cups*, *swords*, and *coins*. However, these suits have been renamed in this deck in order to make them very easy to interpret and understand. In the *Guardian Angel Tarot Cards*, they're called *Action*, *Emotion*, *Thought*, and *Abundance*. You'll read more about these suits later in this guidebook.

Friend Cards (the Messenger, Helper, Healer, and Guardian) can represent either a situation or a person during a reading. In order to make it easy for you, each guidebook entry begins with situational descriptions, with personality attributes listed afterward. To know which is relevant in the reading, review the surrounding cards and let your

intuition guide you. It's also important to note that the genders depicted on the Friend Cards aren't something you need be tied to.

On a historical note, the Major Arcana was originally created with Justice as the 8th card and Strength as the 11th card. However, in the early 20th century, Arthur Edward Waite flipped the cards' positions when he created his famous Rider-Waite deck. His reasons for doing so were obscure, and the results were disruptive to the flow of the Major Arcana's spiritual-path story. So they have been restored to their original positions in the *Guardian Angel Tarot Cards*.

Since each individual tarot card has multiple possible meanings, I recommend that you read each description in this guidebook and let your intuition lead you to the appropriate interpretation for the reading. Trust your angels and feelings to guide you. The cards in this deck are rich with symbolism and imagery, and the illustrations also provide answers and messages. Notice which aspects of each card's painting capture your attention, as that can be part of your answer. This

guidebook, coupled with your intuition, will help you understand answers to all your questions.

How to Use Your Guardian Angel Tarot Cards

Step 1: Clear Your Card Deck

Your cards are sensitive, and they absorb energy from everyone who touches them. There's no need to worry about this, as you can easily and thoroughly clear the card energies simply by holding the intention to do so. It's a good idea to clear the cards before you use them for the first time, and then periodically as you feel guided to do so. Steps 1 and 2 need repeating only after another person touches your cards or if your readings lack clarity because the cards have become clogged with too much energy. The reason is that other people's energies can influence future readings, even if someone's energy was very pure. It's best to have only

your own energy embedded into the decks you use.

To clear your cards, hold the deck in one hand and sweep your other hand over them. Then think the thought that you'd like the cards to be cleared, and say a prayer over the cards, such as: *"Dear God, thank You for lifting away anything from these cards that is not of Divine love."* This clears out the old energy and makes them ready to receive your special energy.

Step 2: Prepare the Cards

Briefly touch all the cards to introduce your own energy to them. You can simply touch one of the corners of each card to do so. Then fan the cards out with the artwork facing you. Hold the fanned cards to your heart and think about any prayers or intentions you'd like to bestow upon them.

Your cards are sensitive to your desires for them. They now carry your personal vibration and wishes.

Step 3: Ask a Question

Think of a question you'd like to have answered. If you're pulling cards for someone else, ask him or her to either think of or say a question. Heaven hears your thoughts, so you don't need to say your question out loud.

Step 4: Shuffle the Cards

Think of the question as you shuffle the cards, and ask Heaven to help you with answers and guidance. You may find it helpful to say this prayer, which is similar to the one in Step 1, while shuffling cards:

"Dear God, I ask that You be sure that only Your pure and trustworthy messages come through these cards. Please protect my loved ones and me. Please help me to see, hear, feel, and know the messages that You have for us. I ask that this card reading bring blessings to everyone involved."

If one or more cards “jump” out of the deck while you’re shuffling, place them to the side. They’ll be part of your reading.

As you’re shuffling, you’ll likely notice feelings, thoughts, words, or visions. These inner messages will help you understand the cards you draw, so pay attention to everything that you feel, think, hear, or see.

You may also receive a feeling or a knowing to stop shuffling the cards, or you may even hear the words *Stop shuffling now*. These inner messages are helping you with the reading. You can’t make a mistake and stop shuffling too soon, as the Divine Law of Attraction ensures that you’ll always choose the correct cards. So please give any worries about doing things wrong to God and the angels.

Step 5: Choose a Card

Once you stop shuffling, pull any card from the deck. The card you pull is always the right one. All are positive, so don’t worry about choosing the wrong one. The card you

pull is the answer to your question. As you read the words on it, notice any thoughts, words, feelings, or visions that come to you, as these are also messages from Heaven. The picture on the card is also important. Notice where your eyes go when you look at it, and pay attention to how you feel. Everything you see and feel is part of the answer to your question.

If you set aside a card (or cards) that “jumped” out of the deck while you were shuffling, look at *it*, too. The jumping card is also giving you a message.

Step 6: Read This Booklet

Turn to the messages for each card within this booklet. As you read the words, continue to notice any thoughts or feelings that come to you, as they’re also part of the answer. Heaven will give you guidance and assistance with every part of your life. You can give an amazing, wonderful, and helpful reading—even as a beginner!

Three-Card Messages

With the *Guardian Angel Tarot Cards*, you'll receive most of your answers from simple three-card readings. For example, you can start your day by asking Heaven: "What do I need to know about today?"

After completing Steps 3 and 4, pick three cards from the top of the deck. With the pictures and words facing up, lay the first card to your left, the second one in the middle, and the third to your right.

Card 1 is your past, Card 2 is your present, and Card 3 is your future. You can always change your future by changing what you're doing right now.

Take a look at how these three cards relate to the question you asked. Listen to

your feelings and thoughts as you look at the cards. Your feelings and thoughts are part of the answer to the question.

Traditional Card Spread

This is one of the most popular and beloved card spreads in tarot. It can be used to answer questions about any topic. This spread of ten cards reveals the basis of your situation, the challenge, the past, the present, the near future, and the likely outcome.

- **Card 3** represents the basis of the situation.
- **Card 4** represents the past, relevant to the situation.
- **Card 5** represents the present.

In the next section of this guidebook, you'll find meanings for each card. Remember that you have freewill choices about all areas of your life; you can also change the outcome of any situation through prayer, visualization, and positive affirmations. God and your angels can help alter your future for the better if you'll just ask for, and be open to, their assistance.

THE MEANINGS OF THE CARDS

This guidebook explains the general meanings for every card in the *Guardian Angel Tarot Cards* deck. As is traditional for tarot, the Major Arcana cards are listed first numerically, followed by the Minor Arcana cards, which are listed Ace through Guardian by suit.

When you're ready to look up a card's meaning, find the corresponding page and read the interpretation and symbolism for the entry. Your inner wisdom will tell you if any of the information applies to you, or it may trigger further insights about your situation. And remember that your intuition will offer you even more personalized messages from your angels, so as you

read, simultaneously pay attention to your thoughts and feelings.

THE MAJOR ARCANA

The Major Arcana consists of 22 cards that describe major events and turning points in our lives. The Major Arcana cards can also represent the different phases from childhood to old age. Each card is numbered, as is traditional in tarot.

Organization

Your plans are on target, and everything will flow more smoothly if you add a little organization and discipline to your methods. The key to success is to allow your creativity to be gently guided by logic. Be open to asking for help from someone very intellectual, or seek out a mentor.

Organization

Organization and logic can be very helpful right now. Your efforts will bear fruit if you can create an orderly and methodical process for getting things done. Your creativity has brought you to this time of beautiful manifesting, but if you feel that there's more to do than you can wrap your head around,

then consider delegating some of the work to someone you trust.

Stand back and take a very objective look at what's going on around you. When this card is drawn, it's best to make decisions based on intellectual considerations rather than emotions. Don't hesitate to consult a mentor or get advice from a skilled leader. Or, if you're offered a position of leadership yourself, take this card as a sign from Heaven that you're ready to take charge!

Additional meanings of this card:
Thinking clearly. Success or recognition in your career. A leader whom you can trust. Fatherhood, or father figures. Laying a solid foundation for a new project.

Embrace Those Around You

This is a time of great spiritual growth for you, making it even more important to surround yourself with those who love you and share your beliefs. Be willing to accept help from others. You could find comfort in traditional solutions, or your heart may long to try out new ideas.

Embrace Those Around You

It's so important to surround yourself with supportive, loving, and understanding souls! That may include people you already know, or perhaps it's time to join a new group of like-minded individuals. This card especially asks you to spend time with those who can help you grow spiritually.

and emotionally. Look for friendship or assistance from people who have their arms and hearts wide open!

This card can also speak to the way in which you're trying to accomplish something. Remember to make your choices with compassion and kindness toward others involved. If you're approaching a project or task in a very traditional way, then drawing this card may suggest that you should pursue a more creative path. However, if your attempts to do things in an unconventional way are generating challenges, then perhaps it's time to return to methods that have already been tested and proven.

Additional meanings of this card:
Educational institutions. Seeking guidance from spiritual leaders. Taking or teaching classes. A need to be more flexible. Discovering what really matters in life.

Open Your Heart

When this card is drawn, you can expect matters of the heart to take precedence. Powerful relationships may develop with newly met individuals, or already established relationships could start to progress to a deeper level.

In ancient tarot, this card was sometimes referred to as "The Choice." If you

need to make an important decision, it's crucial to examine all sides of the matter very carefully. This card urges you to look deeply into your own emotions for answers. The actions you take should be something you feel strongly about with all your heart.

Additional meanings of this card: A new relationship. Engagement or marriage. Making heartfelt choices. A return to vibrant health. Intimacy.

Be Open to Success

Look at all the wonderful things you can do when you listen to your Divine guidance! You've balanced so many different priorities and have come out a winner. There will be a lot of recognition and praise headed your way, but don't be shy. Allow others to shower you with the gratitude you deserve!

Be Open to Success

It's your moment to shine! This card indicates that you'll receive recognition for the amazing things that you've accomplished. When you find yourself in the spotlight, remember to embrace the warmth and love that has so deservedly come your way. If you feel uncomfortable with the attention, ask

your angels to give you the confidence you need to step forward!

You may find yourself called to balance multiple priorities, projects, or people at this time. Stay centered and grounded. Avoid the temptation to go into drama about the situation. If you present a calm, collected, and positive demeanor, you'll experience great success!

Additional meanings of this card: Absolute clarity of purpose. A well-deserved promotion. Business travel. Remaining calm during challenges. Modes of transportation.

Fair Decisions

Your angels are aware that you have concerns, but be assured that there's nothing to worry about! Stand your ground, and know that Heaven is shining its Divine light upon the situation and all is being healed. Take the time to review all the details thoroughly. Forgiveness will bring peace to everyone involved.

Fair Decisions

You have absolutely nothing to worry about. Rest assured that only fair and honest decisions will be made when you receive this card. If certain events have made you feel worried and uneasy, take heart! Embrace your personal power and stand up for your

beliefs so that things can develop in a way that will bring you peace.

If others have been unfair to you, know that God and the angels will shed light upon the matter, and the situation will be healed. If you find yourself in a position to decide what's right or wrong, then let love be your guide. Balance your decision not just on the letter of the law, but also on the spirit of kindness and understanding.

Standing up for yourself! Apologies and forgiveness. Being objective but caring. The pursuit of equality. Choosing logic. Reviewing documents or contracts carefully.

The Spiritual Teacher

Seek and ye shall find. You will discover a wonderful mentor or spiritual teacher, as you ask Heaven for someone who can provide you with wise counsel and loving guidance. Or perhaps it's time for *you* to step out into the open as a teacher with many spiritual

gifts. Don't underestimate the brightness of the light you have to offer others!

If you're currently on a quest for peace and enlightenment, do your seeking within. Meditation or time spent in nature can provide great insight.

Additional meanings of this card:
Self-discovery. Rewarding time spent in solitude. Excellent advice that you should follow. Taking a break from your hectic life.

∞ 10 ∞

A Happy Change

Your angels celebrate with you as good luck comes your way. Slow-moving events will now suddenly take a leap forward, and great progress will be possible. Unexpected opportunities provide you with the chance to implement real changes in your life!

It may be necessary for you to make clear and firm decisions very quickly. If the situation you find yourself in leaves you lacking in confidence, ask for assistance from God, your angels, or trusted people around you.

Additional meanings of this card: An unexpected turn of events. A change for the better. Hope for a brighter tomorrow. A new vehicle. What goes around comes around.

Inner Strength

You've been blessed with the depth of heart and kindness to accomplish anything! There's no challenge you cannot overcome. You may not realize how strong you are, but Heaven knows that you possess the gift of gentle strength. Your spiritual nature will always win over other people's negativity.

There's no need for you to back down from your convictions, although it may be necessary to say no to others in order to be kind to yourself. Just relay the information in a compassionate way, and all will be well. It isn't enough to be gentle with others. You must also be gentle with yourself.

Additional meanings of this card: For-giving and forgetting. Empowerment that comes through self-love. Personal courage. Tolerance of others.

Seeing Clearly

It's time to view things from a different perspective. You have the blessed gift to see past the current situation and envision amazing possibilities! Don't worry—the pause in momentum while you rethink your plan won't last. Embrace your uniqueness and allow it to serve you.

Seeing Clearly

You are uniquely able to look past the current situation and envision endless possibilities! If events haven't been moving forward as quickly as you'd like, it's because Heaven has a better path laid out for you. Try looking at things from a different perspective and you'll be pleasantly surprised

by the opportunities that are currently open to you. The present pause in the action is temporary.

You may be called upon to set aside your own priorities in order to help someone else with his or her needs. It's all right to rush to another's aid, as long as you set boundaries and then return to your own goals at the proper time.

Additional meanings of this card:
Embracing your own uniqueness. Giving to others in a balanced, healthy way. Working for the higher good. Changing priorities. Original ideas.

Letting Go

Releasing the past can seem like a challenge, but it can also be liberating. Your angels will help you let go so that you can fly higher than ever before. Endings always herald new beginnings. Choose to allow this situation to lead you to a more joyful life. Change your life by changing your thoughts!

Letting Go

It can be very liberating to leave the past behind. So often we hold on too long. We look backward at the past when we should be looking at the present or planning for the future.

Your guardian angel brought this card to you to say, "Let go, and I will walk with

you and help you spread your wings so that you may fly higher than ever before!" While this card often signals endings, it leads the way to new beginnings. It asks you to stop resisting the necessary change that will make you a more alive and fully vibrant human angel on Earth. When experiences no longer serve your higher good, it's time to "let go and let God."

Additional meanings of this card:
Change your thoughts—change your life.
An anticipated ending. Transformation. Reincarnation. Resurrection. Freedom.

A Win-Win Solution

There's great strength in diversity. This card suggests that the situation you find yourself in right now would be vastly improved by melding your ideas with someone else's. Who around you might have suggestions, which when blended with your own

ideas, would bring about a miraculous solution?

Rather than focusing on the differences between you and someone else, you've entered a time for compromise and working together. Be open to other people's ideas. Try to see the world as those around you see it. There's so much to gain by working together right now if you just seek out a win-win solution!

Additional meanings of this card:
Taking a moderate approach. Cooperation. Seeking a perfect balance. Self-restraint. Reconciliation. Being patient until the time is right.

Choose Freedom

Sometimes you may feel as though your way is blocked, but often that's just an illusion. You could free yourself from the obstacles that you're so focused on by choosing a different path. Turn your thoughts away from negativity, and instead envision endless other possibilities you might act upon.

Choose Freedom

Sometimes we can feel as though we're trapped. We may perceive ourselves as being locked into a life that we don't want or like. What we often don't realize is that we have the key to this "lock." We could free ourselves by making different choices. We can release our hearts from our unhappiness

by accepting responsibility for where we are, here and now. And by doing so, we can then step back into our own power.

Choose freedom! Ask your angels to remove every negative thought from your mind and help you focus on the amazing possibilities. Step past your fears and out into the light—where you can grow, evolve, and fly. Don't allow anyone or anything (including your own self-doubts) to keep you from being the person you wish to be!

Additional meanings of this card:
Getting free of dependency or self-imposed limitations. Ending an unhealthy relationship. Forgiving yourself. Materialism.

there will be an event that guides you to release old beliefs in favor of a whole new philosophy of life!

Change can indeed be challenging, but it can also be exhilarating. The important thing to remember is that your angels want you to be happy and fulfilled. THE MINOR ARCANA

From here forward, the cards are unnumbered, since this is traditional in tarot. The Minor Arcana consists of four suits (*Action, Emotion, Thoughts, and Abundance*). There are 14 cards in each suit, from Ace to Guardian, similar to ordinary playing cards.

While the Major Arcana represents major life transitions, the Minor Arcana reflects the day-to-day aspects of our lives. The Minor Arcana's Friend Cards (*Messenger, Helper, Healer, and Guardian*) can represent either a situation or a person during a reading. The first section describes situations or guidance being provided by your angels. The second section identifies personality traits of people in your life. It may even be describing you!

It's also important to remember that genders of the Friend Cards aren't meant to be read as a hard-and-fast rule. If you draw a card that happens to have a female on it, but the personality attributes sound to you like a male you know, then you should follow your guidance and interpret that card as referring to the male.

THE SUIT OF ACTION

The first part of the Minor Arcana is all about creativity, passion, inspiration, and movement. It represents the day-to-day aspects of our careers, our ambitions, and where we're driven to accomplish great things. However, it also relates to our home lives, spiritual pursuits, and active extracurricular interests . . . just about anything that excites us or inflames our passions or creative sides. We may have our dreams, but without action they cannot come true!

Ace of Action

This ace is the beginning of action! It's where you're newly inspired to create something original or chase after a dream. New and exciting career opportunities often show up with the Ace of Action. You may suddenly decide that you're going to learn to paint or take up a musical instrument. There's no procrastinating allowed with this card!

You must allow your passions to take flight. Your inspirations must be encouraged to spring into action! If you're offered a wonderful new venture, don't hesitate to accept it. This is the moment when you can take a leap forward and change your life!

Additional meanings of this card:
Starting a new business. Adventure. Passion for life. Changing careers. Courage and enthusiasm. Believing in yourself and your abilities.

Two of Action

Trust in your ability to make excellent choices. There's opportunity all around you if you just continue to move forward. It may be time to take on a new partner who can help you be a success in your career or creative endeavors. Keep your eyes on the big picture, rather than the details of the moment.

Two of Action

So far, so good! You may have some decisions to make, but you also have time to arrive at them. Don't be concerned if you're noticing a little slowdown in the speed at which your plans are manifesting. Take this time as an opportunity to work on your long-term vision.

You've accomplished a lot, but there's still a lot to do. Consider carefully if this

might be the right time to take on a new partner for your endeavor. It's all right to be independent; however, it can also be a great benefit to have someone help you along your path. Listening to the ideas of others could greatly expand your worldview!

Additional meanings of this card: Impressing those around you. Evaluating your options. Being a manager. Successfully negotiating a contract. Feeling a little restless.

Three of Action

Things are working out beautifully! Now that your ship has come in, it's time to decide what your next big project will be. You may choose to continue to build upon your successes or move on to something entirely different. Be willing to travel if necessary.

Three of Action

Things are going very, very well! Your choices were good ones, and you can see that your ship is going to come in. Excellent! But now what? Have you put together your strategies for the next phase?

Success is wonderful, but you can't rest on your laurels. It's time to move on to your next big adventure. It's safe to build upon your accomplishments for further growth,

or you can choose to do something new. Where you go next is entirely up to you!

This card often heralds events such as engagements, weddings, or other long-term commitments between couples.

If you've been praying for someone to come and *help* you solve your problems,

Additional meanings of this card:
Congratulations. Receiving an award or promotion. Wise choices. A sure thing. Good news. Victory that comes with hard work.

Seven of Action

You're being called upon to claim your personal power! Feel confident, as your angels will give you the strength to say no when it's the right thing to do for yourself. Your struggle may actually stem from an unresolved inner conflict, rather than a conflict with others.

Seven of Action

There are times when it's crucial to take a stand. It could be that you're being called to claim your personal power and to be an advocate for your principles. You'll know in your heart if this is one of those times or if this is a battle that simply isn't worth fighting. Listen to your guidance and ask your angels for courage and fortitude. Don't let

your fears get between you and doing what you know is right!

If you find yourself being challenged, stand back and take a moment to review the situation objectively. Is this really a problem with another person, or are you experiencing a reflection of your own inner struggles? Perhaps Heaven is providing you with an opportunity to be freed of old, personal conflicts that are holding you back!

Additional meanings of this card:
Darkness before the dawn. Never saying no.
All work and no play. Stress-related illnesses.

Messenger of Action

Something new and exciting related to creativity or your career comes to your attention. You feel an eagerness to learn, and you're ready to get going, although you may feel insecure. Do it anyway! We have children, buy homes, and create family ties. The impact of those families—whether birth families or ones we choose for ourselves—is a very powerful part of our lives. However, this suit is not just about our emotional feelings, but also our intuitive ones. Our innate abilities and spiritual experiences are also presented in this part of the Minor Arcana.

If there's no one in your life at the moment, then you can anticipate the arrival of someone very soon. You might even fall in love! This card heralds the beginning of very

poignant emotional experiences. Say yes to them!

Mutual respect and understanding are present. Gifts may be exchanged, or long-term professional partnerships may be formed. Misunderstandings will be resolved. Displays of great kindness and compassion are likely.

Additional meanings of this card:
Falling in love. Very close friendships. The end of conflict. An unexpected gift. A powerful connection.

This card can also indicate a need to spend more time with your friends or other groups of like-minded people. Ask your angels or those you love to help you move through the process quickly so that you can get back on the path to joy.

Five of Emotion

One of the most important spiritual tenets is self-forgiveness. As humans, we make mistakes from time to time. Focusing too much on those errors doesn't serve us, but only holds us back. When things don't go the way we intended, it's very important to forgive, forget, and then look for the new opportunity that always presents itself when our original path is blocked.

Grieving a loss is a normal and healthy part of life, but you don't have to do it alone. There are angels around you in both spiritual and human form who can help you heal. Embrace their loving energy so that you can move forward through recovery and back onto the path of joy.

Six of Emotion

Fond memories of family, friends, relationships, and simpler times are present now. There may be a yearning for “the way things used to be.” It’s wonderful to look back and recount happy recollections, but be sure not to idealize the years gone by. Recall the past clearly and accurately so that you can also enjoy the present for its own unique and magical place in your life. Old

friends, romantic partners, or acquaintances may suddenly resurface.

This card may also indicate issues surrounding children or childhood. Take time to focus on the children in your life. Get in touch with your own inner child, and allow yourself to indulge in simple play. This may be a good time to resolve old memories or emotional wounds involving parents, school years, or growing up.

Additional meanings of this card: Anniversaries. Loving-kindnesses. Being innocent of wrongdoing. Rekindling an old romance. An instant connection with a new friend.

Seven of Emotion

Your angels are asking you to make an important decision that you've been putting off. It's likely you know which choice you should make, but you're procrastinating so you don't upset someone else. Ask Heaven for guidance, and then make the choice that celebrates who you truly are.

Seven of Emotion

Sometimes it can be very difficult to make a choice. We may have multiple options that appeal to us, or perhaps we don't like any of the possibilities. Listen to your intuition. Are you taking the necessary time to choose wisely, or have you fallen into procrastination?

If your guidance tells you that you're stalling, then move forward! Your body uses feelings as a way to guide you in making a

correct decision. Listen to your emotional compass to know how and when to proceed. If you're still uncertain, ask your guardian angels for a sign.

Additional meanings of this card:
Time to get focused. The need to release unhealthy choices. Unproductive daydreaming. Being unrealistic.

Eight of Emotion

You feel a deep longing for something meaningful in your life. In your heart, you know that there's more "out there" waiting for you in the world. It may be time to switch careers, move to a new home or city, or initiate other important changes. Do what's right for you, and seek out your magical new life!

Eight of Emotion

You're meant to feel great happiness and fulfillment! You've been sensing that there's more to life than what you're experiencing, and you're ready to go find it. As you've grown emotionally and spiritually, that which previously kept your attention has lost its appeal. Now you're ready to take charge of your own life and move on to happier and more exciting experiences.

It's time to retake your own personal power. The decision to make these changes is your own and not one forced upon you by fate or chance. Your angels are proud of you for stepping up and doing what you know is right!

Additional meanings of this card:
Spiritual growth. Pursuing your life purpose.
Changing careers. Leaving home. Letting go
of the past.

You may not have it all, but you most definitely

have one another, and that makes what you do *not* have seem less important.

Helper of Emotion

Situations: Romance blooms and love grows. Flowers are delivered unexpectedly, followed by whispered phone conversations in the evenings that go on for hours and hours. It's all part of the process of falling in love! Your heart soars, and you smile more than you usually do. You even remember how to blush! The Helper of Emotion charges in with grace, poetry, and knowing eyes,

and suddenly nothing is the same. This may be a new person in your life or someone you've known or been with for a long time whose romantic flames have been rekindled. Either way, love is in the air. Breathe deeply of its bouquet.

People: A person who makes your heart flutter. Someone who is dreamily emotional and romantic. A soul mate. An idealist about romance. An artist at heart who can be a bit dramatic. Wise in matters of the heart, with clarity about what's important in life.

Additional meanings of this card:
Marriage proposals and weddings. Artistic endeavors or events. Past-life connections. Opening your heart to a situation. Staying grounded during an emotional experience.

Healer of Emotion

This is a time to follow your heart and feel the fullness of your emotions. You may feel so compelled to nurture others that you forget to care for yourself. Flashes of intuition provide you with incredible insights. You or another person is a kind, tenderhearted, loving, and trustworthy friend.

Healer of Emotion

Situations: You're experiencing a calling to live a life immersed in the waters of emotion and intuition. You have a true desire to help others and are blessed with a great depth of feeling that comes naturally. Compassion flows from Divine Spirit into your heart. It seems as though you're immediately aware of what others are feeling and what their hearts need. Family members and

friends are cherished, but even strangers feel your love radiating out to heal the world. Intuitive abilities are very strong.

People: A person whose loving arms are always open. Someone sensitive and very empathetic, tenderhearted, and generous. Someone who always knows what to do and understands the problem before it's even spoken. A fairy godmother who can make you feel better just by being around.

Guardian of Emotion

This situation requires emotional maturity and total trust. You're surrounded by those who have only the best of intentions, so you can rely on the advice you're given. Challenges will be resolved. This card also indicates a generous, humanitarian, and refined person whom you can completely depend on. This could be a reference to these characteristics within yourself.

Guardian of Emotion

Situations: This experience will be handled with emotional maturity and a trustworthy heart. The parties involved have the best interests of everyone in mind. There's a desire to resolve any challenges in a compassionate way. If your heart is moved to support a particular cause or charity, do so with determination and passion. Accept advice

People: An honorable person who has great integrity when it comes to matters of the heart. A humanitarian who cares about people and animals and can be very vocal about it. An upstanding member of the community. A firm but loving parent. Very polite and courteous. Acquainted with reputable people in high places.

Additional meanings of this card: A love of art, music, or dance. A fair mediator. Listening carefully to others. A diplomatic approach to challenges.

THE SUIT OF THOUGHT

This suit represents our perceptions, the ways in which we manage our personal truths and integrity, concerns about justice and fairness, and the impact of the Law of Attraction in our lives. Our minds are powerful tools that can either work for us or work against us depending on whether we choose an optimistic and hopeful approach or allow ourselves to fall into pessimism and fear. The vast majority of worry is unnecessary, so the Suit of Thought tries to point out to us when we've accidentally allowed our mental chatter to go awry. These cards also refer to how we communicate with others. They ask us to be kind with our words and to remember to speak our truth in a way we'd like to hear others speak theirs.

Ace of Thought

On your mark . . . get set . . . go! You're off to a fabulous start on a fresh new intellectual challenge! The prospects are very exciting, and you're quite sure you have it all figured out. And you probably do. However, this card can indicate that there may be the need to make a few course corrections as you go along. Don't let that dampen your enthusiasm or keep you from moving forward.

Consider any unanticipated changes to your plans to be Heaven's way of helping you make everything all the more perfect.

Communication is very important in any endeavor. Be sure you communicate clearly and in great detail with those you're working with. Misunderstandings or hurt feelings should be dealt with right away in a kind and compassionate manner.

Additional meanings of this card:
Brilliant new ideas. Determination. Mental health. Improving a concept or project. Taking an exam.

Two of Thought

Your angels have noticed that you're not moving forward. You have multiple options that you're reviewing, and you seem to be unable to choose. Ask your angels for signs as to what direction to take, or just listen to your own inner voice. Deep down, you know what to do.

Two of Thought

It's time to make a decision. Procrastination is seriously hindering your progress. You may feel a lack of confidence in making this choice, or you may be stalling because you'd rather someone else make this decision for you. It's possible you're thinking about the situation too much, or perhaps you're pretending it doesn't exist at all. You have unlimited angels at your disposal if

only you will ask for their guidance. Listen to your inner voice. Ask your guardian angels for a sign. Deep down, you know what to do. It's just a matter of gathering up your willpower and taking action!

This is not merely an intellectual decision, but also a choice that requires input from your heart. If you're suppressing your emotions, request that Heaven assist you in getting in touch with your feelings, or ask a dear friend to help you sort them out.

Additional meanings of this card: Not moving forward. Emotions in conflict with the mind. Pretending not to care. Not seeing what really matters.

Three of Thought

Loving angels surround you to heal and comfort you. The sadness you feel will fade away in time, and then you'll be able to see clearly how important this situation has been for your spiritual growth. Take the time you need to forgive yourself and others so that you can embrace the future with joy.

Three of Thought

Loving angels surround you now. Heaven offers healing to all who request it. The sadness you feel will fade away with time, and all that will remain is a stronger, more spiritually evolved you. There's no need to be alone. Seek out loved ones to spend time with. Ask your angels to help you find groups or organizations full of compassionate people who will embrace you with open

arms. Give yourself time to heal while also reaching out for the joys of life.

Always look for the positive in any challenge. Ask Heaven to help you see the good that came from adversity. You're an amazing person, created by diverse experiences ranging from joy to sadness. The blending of these chapters of your life makes you one of God's beautiful and powerful children.

Additional meanings of this card:
Giving comfort to a friend in need. Experiencing a loss. Forgiving yourself and others. Letting go of the past in order to embrace the future. Heart ailments.

Four of Thought

The answers you seek are within your heart, not out in the world. Attempting to think your way through this situation is probably not the path to success. Meditation and quiet reflection will make everything clear to you. Take time to withdraw from your concerns and wait for your angels to present you with the perfect solution. If you find yourself immersed in a melodramatic

experience created by others, ask for Heaven's protection and then remove yourself from the situation.

You need a vacation! Take a break even if it's only for a few days. Get some additional rest. Spend time in nature. Don't rush back to daily life if you've been ill.

Additional meanings of this card: Taking it easy. Making time for your spirituality. Answered prayers. Getting away from it all. Needing more sleep.

Five of Thought

The path you were on seemed like the right one, but now you've run into a challenge. There's a better direction for you that will make you much happier in the end. Changes are necessary so that you can get back on track. Avoid negative people who are draining, or who bring unwanted drama into your life.

Five of Thought

The path you were on seemed like the right one, but now you've run into a challenge. It doesn't look as though you'll be able to continue without making some significant changes. There's a much better direction for you—one that will eventually make you much happier! Trust that the difficulties you're experiencing with your plans are simply signs from the angels. They want

you to see a larger and more Divinely guided road map for your life.

Negative people can be very draining. The conflict they create makes it difficult to focus on your life purpose and be happy in life. Make thoughtful choices about whom you spend time with. Are your relationships balanced, or are you doing all the giving?

Additional meanings of this card: Better options are available. Losing sight of the goal. Difficult people. A joyless victory.

Six of Thought

*Peaceful times are on the horizon!
The storms have passed, and now you can
see that your destination is within sight. The
stress in your life will begin to fade away,
allowing for happier times. It may
be necessary to take a journey over
water or to another country.*

Six of Thought

Heaven has heard your prayers, and now things will get much better! It may have been a long and difficult journey, but your destination is within sight. Brighter, happier days are ahead. The stress in your life will start to fade away, allowing you to set your sights on the future. The storm is over, and you're headed quickly toward sunnier skies.

This card can also indicate travel, especially over water. If you're interested in moving or relocating, then the signs look very positive. Or perhaps your journey is more of a spiritual one, leading you to amazing new revelations!

Additional meanings of this card:
Peace after challenging times. The return of hope. Slowly moving forward. Gaining a more positive viewpoint. Starting a new life.

Seven of Thought

You've been confused about a situation in your life, and now suddenly everything is completely clear to you. Whether the truth was revealed by your angels, disclosed by a friend, or discovered on your own, it feels great to be awake and aware. Feel free to ask for time alone if that's what you need.

Seven of Thought

Aha! The truth has revealed itself, and now everything makes sense. There actually was a logical reason for events that seemed completely random and without meaning. Someone may have provided you with this revelation, or perhaps you stumbled upon it yourself. Either way, it feels so empowering to have the truth! You may have valuable

information for another person who could desperately use the assistance.

You or someone you know may be feeling the need for a little time alone. Peaceful solitude can bring many personal hidden treasures and talents to light.

Additional meanings of this card: A time to reevaluate priorities. Making choices carefully. Embracing the truth. Misunderstanding someone's motivations.

Eight of Thought

You may feel as though you're restricted by the circumstances you find yourself in, but that's just an illusion. Make a promise to yourself to refuse to be stuck in a situation that's making you unhappy. Don't wait for someone to come to the rescue when you can free yourself!

Eight of Thought

You can always choose freedom. The situation you're in most likely makes you feel as though you're trapped, but the truth is that there's always another path. There *is* a way to leave unhappiness and move toward joy. Ask your angels for the gift of self-confidence. Reach within and touch your own inner strength, and know that there's

nothing you cannot do if only you believe in yourself.

Refuse to be stuck in a life that doesn't make you happy. Don't wait for someone to come to the rescue when *you* can free yourself. Make a promise to yourself that you'll take one small step every day toward the future that you desire . . . and then get going!

Additional meanings of this card:
Feeling trapped by circumstances. Not believing in yourself. The illusion of being stuck. Being held back by your own perceptions.

Nine of Thought

Stop being so hard on yourself, and turn your thoughts toward the positive. There's no need to worry! Anticipating the worst isn't helpful. Know that Heaven will provide a solution. If you're experiencing sleepless nights or anxiety over a challenge in your life, release the problem to your angels.

Nine of Thought

There's no reason to worry! Your focus on your fears and feelings of uncertainty is misleading you into expecting the worst. It's time to change your thoughts into something more positive and uplifting. Anticipate only your highest hopes and dreams, and the Divine Law of Attraction will bring them to you.

Please don't be so hard on yourself! Nothing is to be gained by reliving the past over and over. Release what was, and instead reach out with loving arms to what is, and what can be.

Additional meanings of this card:
Sleepless nights. The need for optimism.
Torturing yourself needlessly. Useless guilt.
Taking on more than is necessary.

Ten of Thought

Your difficulties are now over! The challenging times move into the past so that you can focus on what's next. This card often comes with a sense of relief and may even have been expected for some time.

This is a card of quick good-byes mixed with the joy of finally getting to move on. If you're carrying any baggage from the past,

now is the time to hand it over to your angels.

Additional meanings of this card: Remembering the past as worse than it was. Getting free of an addiction or codependent relationship. Learning to laugh at your problems.

Messenger of Thought

Situations: There's so much to learn! Expect great excitement to arise about a new topic or intellectual project. Information pours in from television, the Internet, and social-networking sites, making it difficult to take it all in. As you gather all this new knowledge, make sure to be organized. The data may be filling up your mind, but if you forget to speak from the heart, it may

offend others. The message may be the most important thing, but the way it's delivered also matters. You may receive information that creates the need to make changes to your plans.

People: Someone who's always excited about learning and sharing knowledge. A person who's very mentally active and able to adapt to changes quickly. Someone with a great enthusiasm for the truth, but for whom it may be tempered by a lack of experience in diplomacy. Someone who has great discretion and is very organized.

Additional meanings of this card: Reviewing documents carefully. Listening to all points of view. Honest and constructive feedback.

Helper of Thought

Your life is about to start moving very fast! Events that seemed to be on hold suddenly require all your attention. There's no time to sit and ponder . . . you've got to get moving. Review the details as best you can. You know, will meet, or are someone with a very quick mind who instantly grasps what to do. This person is both confident and courageous.

Helper of Thought

Situations: Life is going to be moving a lot faster. Events that may have seemed to be on hold now suddenly require great focus and attention. There may be a little bit of stress as you adapt to the new timelines, but it will feel better than the previous lack of action. No more sitting around and waiting—it's time to get things done! Look for creative solutions to challenges and you'll

see excellent results. Although you *do* need to move quickly, don't forget to review the details carefully.

People: An extremely capable person with a quick mind and a determined will. Someone who can swoop in, review a situation, and almost instantly know just what to do. Well-intentioned. Always confident of success. Courageous, idealistic, and knowledgeable.

Additional meanings of this card: A sudden frenzy of activity. Thinking outside the box. Defending what you believe.

Healer of Thought

It's time to clean up your life! Get rid of anything that clutters your space or makes you disorganized. People who take from you but don't give back should be released as well! You or another person involved in this situation is wise, insightful, and caring; has a wonderful sense of humor; and offers a lot of life experience.

Healer of Thought

Situations: Out with the old, and in with the new! It's time to clean up all aspects of your life that no longer serve your Divine purpose. If your space is cluttered and disorganized, tidy it up! If your home is full of things you no longer use, have a yard sale or donate them to a reputable charitable organization. If there are people in your life who only take and don't give back or are creating

unnecessary drama in your world, it may be time to release them. Mixing humor with wisdom can help solve any problem in a way that everyone can approve of.

People: Someone who has great wisdom accumulated from diverse experiences in life. A person who has infinite patience and a wonderful sense of humor. A successful individual without an ounce of pretension. A very insightful and caring friend. A sometimes stoic or professional demeanor that hides a warm and loving heart.

Additional meanings of this card: Unmarried individuals. A single parent. Asserting your independence. Being a perfectionist.

Guardian of Thought

You may be called upon to be a spokesperson for a cause close to your heart. Your angels will give you the perfect words, and you'll do brilliantly. You may be asked to be a mentor or find one yourself. This situation involves someone who's professional, with a positive attitude and fresh ideas. This person (who could be you) may be emotionally unavailable.

Guardian of Thought

Situations: You're being called upon to be a spokesperson for the cause closest to your heart. You have important things to say, and people need to hear them! Don't worry, as your angels will give you the perfect words to say in any situation if you ask them for help. Time has given you the experience and expertise to be a natural-born leader, teacher, and mentor to those around

you. You have all the right words, so speak up!

People: Someone experienced who can provide advice that you can completely trust. A seasoned professional with a positive attitude, fresh ideas, and a brilliant mind. A charismatic and inspiring speaker who's worthy of respect. Fair and impartial. Possibly a little emotionally unavailable.

THE SUIT OF ABUNDANCE

Its messages are related to material wealth, the health of our bodies, and career and business, as well as other resources that may come into our lives. In the Suit of Emotion, there is much discussion from the realm of feelings and tender affection about our loved ones. The Suit of Abundance also speaks a good deal about our families, but more from the standpoint of financial security, ancestry, education, and seeing to their safety. This suit also refers to the stewardship of plants, animals, the environment, and Mother Earth, along with our social interactions and responsibilities.

Ace of Abundance

This is the beginning of a wonderful new endeavor! A windfall of resources comes your way to help you get things off to a fantastic start. This is a good time to launch a venture, change careers, or even go into business for yourself. Be open to new acquaintances or even old friends who can introduce you to helpful people or provide

insights on how to get things done successfully.

This card may refer to resources from others that are not limited to money, but could also be gifts of time, wisdom, or material goods. Making sound, long-term investments is also indicated when this card is drawn. You may want to set aside money for the purchase of a home, further education, or retirement.

Additional meanings of this card:
A business document or contract. Good health. Focusing on results. Good luck. Hope for the future. Feeling very blessed.

Two of Abundance

Life may be feeling a little out of balance right now. You could be working multiple jobs or trying to make a change to your dream career. It's important to keep things light and stay in touch with your inner child. Make your work as playful as possible. Maintaining a positive attitude brings success.

Two of Abundance

If you drew this card, then you're probably feeling as if you're juggling too many priorities at once! That can be exciting and exhilarating, or it can seem as though life is seriously out of balance. If life seems challenging to you, try to bring a playful energy to your tasks. Take mini-breaks to laugh with a friend, or do something that stimulates your inner child. Make sure that when

you do stop working for the day, you get to rest and enjoy your downtime.

You may be feeling as if you really have to tighten your belt with respect to finances. If abundance issues are causing you stress, ask Heaven to provide you with new opportunities to manifest the money you need. Additional meanings of this card: Financial rewards for doing what you love. Making a satisfying living in a creative profession. Confidence in your talent. Teaching others a skill. Winning an award for your work.

Four of Abundance

This card asks you to pause and reflect on your relationship with money. Are you spending it too freely? Or are you tucking it away a bit too frugally when it might be used to bring you joy? It's important to look at your financial health in a balanced way to be prepared for the future, but not to the extent that you're not living life to its fullest in the here and now. This is true whether

your resources are related to money, energy, or emotion. So you can also ask yourself: *Am I giving of myself emotionally too freely, or am I holding back too much?*

It's very important to be charitable to worthy organizations as well as to individuals in need. Consider volunteering your time or money to causes that you feel strongly about.

Additional meanings of this card:
Wise investing. Worrying about money.
Good business judgment. Being too controlling.
Hard work that pays off.

Five of Abundance

There are times when everyone needs a hand. Your angels want you to know that you needn't go through your current challenges alone. Accept the help of those around you. The situation you're experiencing is temporary. This may not be the right time to become self-employed. Be patient.

This card is an indicator that you feel very challenged right now,

but it's also evidence that there are compassionate individuals nearby who could really make a difference.

Don't lose faith! These challenges are temporary, and things will improve very soon. Review your situation and plan the next step toward the life you desire. Additional meanings of this card: Ask for what you need. The importance of loving yourself. Feeling alone. Financial worries. Health challenges.

Six of Abundance

Heaven opens its loving arms, and out flows the abundance of the Universe! You are blessed daily with the gifts of Mother Earth. When this card is drawn, a gift is on its way to you! It's likely that you're not expecting this loving act of generosity. Accept it with humility and thankfulness, knowing that opportunities will come soon for you to give to others in return.

Your gift may come in the form of sudden good fortune or a dream materializing. You may experience a promotion, a job offer, or other career-related opportunities.

Additional meanings of this card: The joy of giving and receiving. Charitable donations. Generous employers. Unexpected money. Paying it forward.

Seven of Abundance

This is a good time to prepare, because things will soon move forward quickly.
Use this time to rest and plan.

Seven of Abundance

It may seem to you as if little is happening, but beneath the surface, great roots are reaching out and expanding. There will be rewards for your hard work!

Important life choices require you to do additional research before making a decision.

Take pride in your work. Don't hesitate to take extra time to complete a project if doing so will bring the quality to the highest level possible.

Additional meanings of this card: Successfully changing jobs. Self-improvement. Dedication to one's craft. Focusing on the details.

Nine of Abundance

Life is wonderful! Your hard work and dedication to your dreams will provide you with great peace and contentment. Take time to enjoy quiet moments of reflection and leisure. Feel free to buy yourself small luxuries gifts. You've earned the financial security and independence you now enjoy.
